Study Abroad Opportunities

Go Further
OUR Legacy
Since 1964, Notre Dame has been sending students to study abroad programs around the world.

More than 64% of Notre Dame undergrads study abroad for credit before graduation.

Notre Dame ranks among the top five PhD-granting institutions for undergraduate study abroad participation.

OUR Commitment
At Notre Dame, we think every student should have an opportunity to study abroad before graduating.

That’s why we are hard at work developing programs to suit a wide variety of schedules and interests—making study abroad accessible to all students.
your Choice
We hope you will be intentional, creative, and bold as you consider the international education experience that best suits your interests.

It’s never too early to begin planning. Your study abroad advisors are here to help.
Endless Possibilities
Whatever your major and dreams for the future, serious academic engagement outside your home country is one of the most valuable elements of a world-class undergraduate education.

- (0 to 3): Language and culture; diplomacy and policy; advanced Arabic
- (3): Fall pre-med program; service and internship opportunities
- (4): Language intensive program; must attend orientation in D.C.
Deepen your engagement for Global Awareness
Students who give the most to their study abroad experience tend to get the most back. Broaden your understanding and awareness by becoming informed and involved in local, community issues while abroad.
Internships

Internships provide a deeper, immersive experience in your host country’s culture. Many study abroad programs include this option at various small and large local organizations.

Research

Do you want to jump start your senior thesis or conduct research while abroad? Ask your advisors how you can access local resources, archives, and other research materials in your host country.

Service

Students participate in a wide variety of community engagement opportunities in almost every program location. Service opportunities with local organizations provide a more holistic study abroad experience.

Consider supplementing your study abroad experience
Taking the Next Step

Am I eligible?
Academic standing and adherence to community standards are among the factors for eligibility, as is program appropriateness for your academic goals.

How much will it cost?
Tuition, room, worldwide health insurance, and living allowance are covered for most semester and full-year programs. Students are responsible for a study abroad fee and round trip airfare to program locations. Charges vary for summer programs and those taken during vacation periods.

How do I apply?
Students apply for semester and full-year programs during the preceding fall. Applications are entered online and students must plan ahead to give advisors, rectors, and academic referees time to submit their information. The application deadline for 2018-19 programs is in early November 2017. Summer applications are due in February 2018.

What next?
• Attend the Study Abroad Fair on September 13, 2017, in Morris Inn Ballroom
• Attend info sessions for programs that interest you (schedule released early fall 2017)
• Consult with your academic advisors on college requirements
• Check international.nd.edu for new programs and updated information
