

# Global History Seminar Series 2015

by the Institute of Historical Research and the University of Notre Dame, with the collaboration of the Centre for Global History, University of Oxford

## Exotic England

Gerald Maclean (Professor of English, University of Exeter, and co-author with Nabil Matar of *Britain and the Islamic World*) meets renowned journalist Yasmin Alibhai-Brown to discuss her new book *Exotic England*.

**Thursday, April 9, 2015, 5:30 - 7:30 p.m.**

In *Exotic England*, Alibhai-Brown discusses how England has always been expansive, open and lured by the East and that its sense of itself cannot be restricted to just these isles. From the 16th Century to now, when we look at the arts, science, sex, food, architecture and trade, we see the east embedded in England. It is a glorious story which small Englanders do not care to know.
